FZY YEAR COURSE 2022-23

Shalom,

We are writing to introduce FZY Year Course, FZY's gap-year programme in Israel. Year Course is open for you if you're in your final year at school and want to spend a year away before going off to university or the working world.

Year Course is not only one of the best Israel gap-year programmes on offer, it is one of the best gap-year programmes of any kind. It's a unique year full of fantastic experiences, education and enjoyment. It's a once in a life time opportunity to make life long friends, do things you'll never be able to do at any other time, explore your Jewish identity and gain valuable life skills.

Year Course gives its participants a range of transferable skills that benefit them at university, as well as enhancing their CVs and helping them to secure exciting employment opportunities in the future. University professors and employers frequently cite the value of an organised gap year programme, pointing out how the responsibilities and opportunities given to Year Coursers distinguish them from their peers.

Even with all the challenges of Covid-19, our 2020-21 Year Course participants managed to have the same ideological, engaging and life changing 9 months in Israel. Whilst university life and the job market are currently readjusting, our current Year Course group arrived in August and are completing the full programme as expected.

If you are considering in participating in the FZY Year Course programme then we're here to provide you with all the information you'll need and are more than happy to meet with you or your family to talk through the year and the exciting options on offer. For more information please email yearcourse@fzy.org.uk.

Hope to hear from you soon,

Nathan Domnitz
